Tony McCurdy
Zoom Sourcing
Raleigh, NC

To Whom It May Concern,

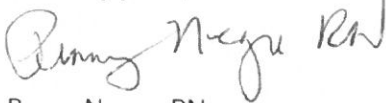

I am writing this letter to share with you the great services and personal working relationship that I had for many years with Good Health Services, now Zoom Sourcing.

I have known Tony McCurdy for well over 20 years. I worked for Cabarrus County Home Health/Cabarrus Health Alliance Home Health as the Director of Nursing. During my many years of service we had staffing needs that we would utilize Good Health Services to assist with contract staff. They were able to provide qualified nursing personnel - RN, home health aides, therapy (PT, OTL and SLP) and auxiliary staff.

Good Health Services were extremely knowledgeable of rules/regulations in NC related to all staff. They brought extremely qualified people in for joint interviews and were always able to meet our staffing needs - quickly and efficiently. Tony McCurdy was just a phone call away and available to come to the office anytime needed.

I am proud to know him and to recommend any business that he is associated with to others. He is a fine man, honest and truthful. Should your organization have staffing needs in North Carolina then Zoom Sourcing and Tony McCurdy would be an excellent choice.

Sincerely yours,

Penny Negre, RN
